## Harrisonburg–Rockingham Association of REALTORS®

### **SEPTEMBER IS REALTOR SAFETY MONTH**

REALTORS® face job-related risks every day. Being aware of potential dangers and taking precautions will help you avoid risky situations. In an ongoing effort to keep safety top-of-mind for our members, the NATIONAL ASSOCIATION OF REALTORS® and HRAR dedicate September as REALTOR® Safety Month. The goal: Reduce the number of safety incidents that happen in the industry, so each of our members makes it home safely every night.

To accomplish this goal together with you, we must improve the Safety Culture in the industry by raising awareness, following safety protocols, and encouraging all REALTORS® to stay vigilant on the job.

To get started, here are the Top 5 Safety Action Items for REALTORS®:

In addition HRAR will be offering a live Lunch and Learn on September 29th.

Thank you for your dedication to REALTOR® Safety—this month and throughout the year. We look forward to expanding these efforts with you and each of our members. Stay safe!

Protecting your members' data is extremely important to us. That's why, effective Wednesday, September 1, 2021, we're implementing an extra layer of security to the SentriKey® Real Estate website and SentriKey® Real Estate mobile app with the addition of account security questions and cell phone verification.

Security questions will offer a secure validation of each member's account, in addition to their PIN. Users will select from 10 predetermined questions and enter their personalized answers. Once those answers are saved, a cell phone verification prompt will be activated.

Customer Support will use these questions to validate SentriLock callers if they cannot remember their PIN or password. This will provide a faster, more efficient customer experience by eliminating the need for a PIN/Password reset email.
